

# Abdulrahman Gahreeb

## Computer Engineer

Obour City, Qalyubia, Egypt

☎ 01068952684 ✉ [abdulrahman.ghareeb97@gmail.com](mailto:abdulrahman.ghareeb97@gmail.com) 🔗 [GitHub](#)

## SUMMARY

---

Versatile Computer Engineer with software development, debugging, and system optimization expertise. Skilled in programming languages such as Python, C++, and Java, with hands-on experience in developing scalable applications and embedded systems. Adept at collaborating with cross-functional teams to deliver high-quality software solutions that meet client and business needs.

## EDUCATION

---

### **Benha University, Obour city, Egypt**

Bachelor Of Communications and Computer Engineering

(Start:2021, Expected Graduation: May 2026)

GPA: Good

## TRAININGS EXPERIENCE

---

### **IBM-Data science & AI with DEPI (October 2024-May 2025)**

Developed proficiency in mining data to identify past and future performance drivers, uncover new revenue opportunities, enhance operational efficiency, and improve customer experiences. Gained expertise in leveraging data for critical business insights to support decision-making and strategic planning.

### **Huawei cloud computing (June 2024-september 2024)**

Faculty of Engineering at Shubra, Cairo, Egypt

The training taught me a deeper understanding of cloud architecture, security, and best practices for deploying scalable and secure cloud solutions. This experience significantly enhanced my skills in cloud computing and data management.

## PROJECTS

---

### **Products shipping program (May2024)**

created a program using assembly to manage products and know all the details of each product and the first product to be delivered.

## **Probability Distribution program (December2023)**

created a program using python to predict customer arrivals using a Poisson distribution to allocate staffing efficiently.

## **SKILLS**

---

### **Technical Skills:**

Data analytics, c++, java,  
python, MATLAB  
and LabVIEW

### **Soft skills:**

Teamwork, time management,  
Communication, solve problem

### **Languages:**

Arabic: Native  
English: Good

## **CERTIFICATIONS**

---

DEPI (data science) Certification  
Huawei Cloud Computing Certification
